Sapphire Series

The Sapphire is a six sided high security safe with burglar and fire protection. It provides one of our top levels of security for individuals. Trust in over 100 years of luxury safe experience.

Since 1904

Acme Safe 214 West 29th Street, New York, NY Phone: (212) 226 - 2500 Fax: (212) 686 - 0668 www.acmesafenewyork.com info@acmesafenewyork.com

Sapphire Series

The Sapphire Series offers six-sided plate burglar and fire protection. It repels the most common tools including saw and drill attacks. The Sapphire Series is our recommended level of protection for all individuals.

Body and Door:
The body and door design of our luxury safes are created with a thick layered barrier that helps protect against burglary and fire threats.

Bolt Work:
Solid steel, chrome, or gold plated bolt work binds our luxury safes together both horizontally and vertically to create a powerful safe.

Digital Locks:
Our luxury safes have UL listed digital locks or fingerprint keypads. You may select from an array of lock options. Choose from either chrome or gold plated options.

Handles:
Choose from spoked, chrome, or gold plated handles.

Gold plate (18K Gold)
or chrome package

Trim Plates:
Choose polished and mirrored, stainless steel or gold plated.

Interiors:
Our design team works with you from start to finish to customize the perfect interior.

Interior and Exterior Paint:
Our high quality paint is RAL and comes in high gloss or auto finish. Various RAL color options.
